Objective

I want to deliver a strong message by making real changes aimed at improving and making the place we live in better. A place that allows people to have an obstacle-free path that allows unlimited growth. Therefore, I will dedicate my passion and ambition for problem-solving, analytical skills, and diverse and highly competent software engineering expertise in multiple fields to achieve this goal. Whatever it takes.

Education

King Fahd University of Petroleum & Minerals (KFUPM) — **Dhahran, Saudi Arabia**
